## **We also offer the following optional program at most events:**

**BRACKETS (\$2 each)-** Brackets are randomly drawn head to head matches against other bowlers held simultaneously with the regular tournament. Competition usually takes place during games 2-4 of the qualifying round. For every bracket you sign up for, you randomly draw a match against another bowler in your division during game two. If you beat your opponent, you advance and bowl during game 3 against another opponent who also won their first match. This continues until 2 bowlers are left in each bracket. They will play each other in game 4, with the winner of each bracket receiving a \$15 scholarship prize on a full bracket. **More info on brackets is available at all JBT events.**

---

**POWERBOWL TICKETS AND/OR EBONITE BALL RAFFLE TICKETS** are on sale throughout the qualifying round. Ebonite bowling balls are given away at most JBT events. PowerBowl is a chance for any bowler to get a huge scholarship bonus- the tickets you buy are for both drawings.

**We feel that JBT offers the most 'bang for your buck' of any youth scholarship group. Please see us with any questions. We hope you enjoy!**
